

ICDBG program as a whole (i.e., comprising activities carried out by a grantee and its subrecipients) shall exclude payments made by subrecipients of principal and/or interest on loans received from grantees where such payments are made from program income received by the subrecipient. (By making such payments, the subrecipient shall be deemed to have transferred program income to the grantee.) The amount of program income derived from this calculation shall be used for reporting purposes and in determining limitations on planning and administration and public services activities to be paid for with ICDBG funds.

(4) Program income does not include any income received in a single year by the grantee and all its subrecipients if the total amount of such income does not exceed \$25,000.

(5) Examples of other receipts that are not considered program income are proceeds from fundraising activities carried out by subrecipients receiving ICDBG assistance; funds collected through special assessments used to recover the non-ICDBG portion of a public improvement; and proceeds from the disposition of real property acquired or improved with ICDBG funds when the disposition occurs after the applicable time period specified in § 1003.502(b)(8) for subrecipient-controlled property, or in § 1003.504 for grantee-controlled property.

(6) For purposes of determining the applicability of the program income requirements included in this part and in 24 CFR 85.25, the grant period is the time between the effective date of the grant agreement and the close-out of the grant pursuant to the requirements of § 1003.508.

(7) As provided for in 24 CFR 85.25(g)(2), program income received will be added to the funds committed to the grant agreement and shall be used for purposes and under the conditions of the grant agreement.

(8) Recording program income. The receipt and expenditure of program income as defined in § 1003.503(b) shall be recorded as part of the financial transactions of the grant program.

§ 1003.504 Use of real property.

The standards described in this section apply to real property within the grantee's control which was acquired or improved in whole or in part using ICDBG funds in excess of \$25,000. These standards shall apply from the date ICDBG funds are first spent for the property until five years after the closeout of the grant from which the assistance to the property was provided.

(a) A grantee may not change the use or planned use of any such property (including the beneficiaries of such use) from that for which the acquisition or improvement was made unless the grantee provides affected citizens with reasonable notice of, and opportunity to comment on, any proposed change, and either:

(1) The new use of such property qualifies as meeting the primary objective set forth in § 1003.208 and is not a building for the general conduct of government; or

(2) The requirements in paragraph (b) of this section are met.

(b) If the grantee determines, after consultation with affected citizens, that it is appropriate to change the use of the property to a use which does not qualify under paragraph (a)(1) of this section, it may retain or dispose of the property for the changed use if the grantee's ICDBG program is reimbursed in the amount of the current fair market value of the property, less any portion of the value attributable to expenditures of non-ICDBG funds for acquisition of, and improvements to, the property.

(c) If the change of use occurs after program closeout, the proceeds from the disposition of the real property shall be used for activities which meet the eligibility requirements set forth in subpart C of this part and the primary objective set forth in § 1003.208.

(d) Following the reimbursement of the ICDBG program in accordance with paragraph (b) of this section, the property no longer will be subject to any ICDBG requirements.
